

Jands Hog 500 and 1000 Consoles Fixture Profiles

The last Jands Hog 500 and 1000 consoles were sold out at the end of 2009.

From December 31, 2010 Jands will no longer create fixture profiles for new fixtures. The complete library of fixtures as of December 31 can be found at http://www.jands.com.au/downloads/fixture_libraries

If you require new fixtures for your Jands Hog console after December 31, 2010 we recommend using the Hog2 library generator software that was created by Denis Hessberger. This can be downloaded from <http://www.denis-hessberger.de/denis-hessberger.de/software.html>
