

Rack Accessories

RACK MOUNTING PRE-PUNCHED PANELS /
BLANK PANELS / SHELVES / DRAWERS

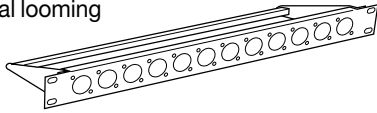

DESCRIPTION

The range of rack mounting accessories shown below are available on a stock basis. Please contact Jands for information on custom manufactured panels, assemblies and racks.

Pre-punched Panels

Pre-punched panels with integral looming bars are designed to accommodate AXR, BNC, Neutrik "D" type (NCD) and Burndy connectors.

Blank Panels

Steel and aluminium blank panels in 1, 2, 3, 4 and 5RU versions are ideal for use as spacers between equipment and for mounting identification strips.

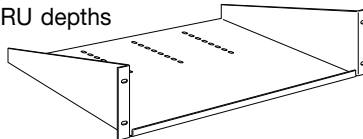

Vent Panels

Steel 1RU and 2RU vent panels finished in gannet or black are ideal for use as spacers between equipment for cooling purposes.

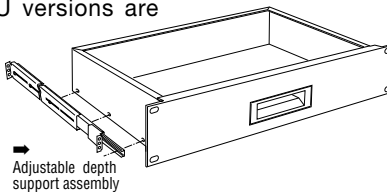

Rack Shelves

Steel rack shelves in 2, 3 and 4RU depths are ideal for rack mounting equipment not fitted with rack mounting flanges.

Rack Drawer

Rack drawers in 2 and 3RU versions are available with adjustable support assemblies which are designed for attachment to rack frames. These drawers are ideal for housing accessories.

FEATURES

- * Solid construction
- * Reinforcing returns for extra strength
